

Education Mail Quartile 4

Dear Student,

We are already far into the last quartile of this academic year, this also means that this is the last Education Mail that you will receive. In this mail we will cover some interesting topics; the study tents, the IBA double degree, the Teacher Education Award, and something about TOM 2.0. Finally, we are proud to announce that Anniek Pelleboer, as part of the candidate board 2021-2022, will guide the Education Committee next year!

Corona tests + Study places

Since the last module is very important for finishing this academic year, some studying will also be required. There are a number of study places on campus. Taking a rapid test before you come to campus is not mandatory, but it is advised urgently. As of May, all employees and students can make use of the opportunity to take a Corona rapid test themselves. These tests are easy to do at home, you can order them for free via: www.zelftestonderwijs.nl.

There are study places in the buildings; Library, Spiegel, Bastille, and the Ravelijn. Next to that, they have created extra study places by introducing two tents on campus, these tents can be found on the O&O square and behind the Horst. If you want to make use of the study places, alone or with your project group, you have to make a reservation which can be done by following this link: <https://rb.utwente.nl>

IBA Double Degree – Trip to Münster

For IBA students of cohort 2020, it is possible to attain a double degree at the Westfälische Wilhelms-Universität (WWU) in Münster. This means that students will follow the BSc IBA at the UT and the BSc BA at the WWU. So students can get to know the WWU, Stress organizes a trip to Münster in September. Students will visit the university as well as the city, and we plan on doing a fun activity there. More information about the trip to Münster will follow, and more information about the double degree can be found by clicking this link: <https://bit.ly/3t8GUJM>

Teacher Education Award

The Teacher Education Awards have taken place and the results are in. This year there were two categories: best teacher and most creative online teacher. After the votes of our students, the following teachers have won:

Best teacher		
Ranking	(I)BA	IEM
1st place	Ipek Seyran Topan	Erwin Hans
2nd place	Matthias de Visser	Johan Lanting
3rd place	Henk van der Kolk	Ipek Seyran Topan

Most creative online teacher		
Ranking	(I)BA	IEM
1st place	Henk van der Kolk	Peter-Paul Verbeek
2nd place	Lara Carminati	Eduardo Lalla
3rd place	Robert Gutsche	Martijn Mes

The best teacher of each study on campus is nominated for the UT-wide competition, this year Erwin Hans and Matthias de Visser (Ipek won two years ago and cannot be nominated for another two years). The event will take place on the 27th of May from 16:00 to 17:30. Stay tuned for when you can vote for them to ensure one of our teachers wins!

Tutoring system

You might already be familiar with it, but Stress provides students with a platform where students that need help with their studies and tutors meet: the tutoring system. We created a group chat on Whatsapp where all students that are willing to tutor their peers gather. When we receive a tutoring request from a student, it will be sent in the group chat, and tutors that are willing to provide tutoring will be forwarded to the respective student. The amount paid for tutoring can be decided together with the student that wants tutoring. If you are interested in becoming a tutor, please click the following link to join the group: <https://chat.whatsapp.com/IAaDsHUTUn8IvfPCoP2IpH>. If you need tutoring, you can send an email to ec@stress.utwente.nl.

Do you prefer the education mail being a separate mail or a piece of the Stress Press?

☐ A. Separate mail

☐ B. Piece of the Stress Press

This was the last Education Mail of this academic year, we want to wish you a lot of success in your last module and we want to wish everyone happy holidays in advance.

Best,

Ralph Sikosek & Jasper de Vries
