

# Education Mail

Dear member,

We are delighted to send to you another Education Mail! The third module of the year has come to an end and we are ready for the last module before the summer break. We have some more information for you regarding the general studies, but also Stress-specific topics.

We wish you the best of luck with the final module!

With kind regards,

The Education Committee

Hanna, Eva, Loris, Roosmarijn, Sanjay & Beril

---

## Meet our candidate Commissioner of Educational Affairs!

*Lydia Mak*

Hey, my name is Lydia Mak, 19 years old and in my second year of IEM. Right now, I am the Candidate Commissioner of Educational Affairs, so if you have some ideas on how to improve your education, do not hesitate to approach me. Within Stress, I have been active in the SportCie in my first year and in the Stress Congress committee this year. Besides that, I like to play soccer and piano, and I like to visit my friends or family.

## Join the (I)BA/IEM staff & student campus exploration game & BBQ!

The University of Twente is known for its beautiful green campus. Most of us love to be there and explore it, but still, there are a lot of places unknown. What better way to expand our campus knowledge than by doing a quest over it!? We want to invite

all students who are engaged in the (I)BA or IEM program in joining us in finding the right paths around campus. Besides searching for clues we will also be able to enjoy each other's company during the BBQ and drink on the O&O square!

You will be divided into groups mixed with teachers and staff. Together you will aim to be the fastest team!

So, do you take the challenge by joining us on Thursday the 19th of May? If so, make sure to sign up [here!](#)

## Join the BMS Symposium!

For the past few months, the BMS Symposium Committee has been working hard on the BMS Symposium of 2022. The BMS Symposium is an event for all the students and teachers of the faculty. During this afternoon there will be different speakers and workshops that will focus on one central theme; 'What's Next?'. We have invited different employees from the University who focus on their research on the future of the different disciplines within the faculty. They will show you how research at UT changes the future. We will start at 13:00 and have 2 rounds of speakers and 1 workshop round for you! This year the event will take place in Ravelijn. After the closing speech, there will be a drink for all participants. The program will be as follows:

Opening by Shawn Donnely- 13:00

Speakers Round 1 by Sebastiaan Pieste, Hatice Kizgin, Julia Hermann and Russell Chan & Martin Schmettow - 13:30

Speakers Round 2 by Hatice Kizgin, Julia Hermann, Le Anh Long and Russell Chan & Martin Schmettow- 14:30

Workshops by the BMS Lab- 15:30

Closing speech by Tanya Bondarouk- 16:30

After drink - 17:00

Curious about what's next? Then sign up via this [link!](#) We hope to see you there!

## Earn money by sharing your summaries from last quartile!

Hand them in here!

As Stress we provide summaries to our members, but we cannot do that without your help! We want to keep our summarydatabase up to date and to do that we need the summaries you made for your subjects.

You can hand in your summaries [here](#) and earn some money! The Education Committee or MasterCie will check you summary and based on the quality and the number of summaries already submitted your compensation will be between €0 and €15 per summary.

If you used a summary from our website and it is not good enough or relevant anymore, please let us know via [summaries@stress.utwente.nl](mailto:summaries@stress.utwente.nl).

## What are the most difficult subjects in

## your quartile?

In order to help the students who need it we would like to poll which subjects of the upcoming module are often difficult. Please fill this poll in for the subjects you are finding difficult or for the subjects that you already finished and found difficult. This way we can schedule study evenings with teaching assistants to help everyone pass.

IEM Module 4

IEM Module 8

IBA Module 4

IBA Module 8A

IBA Module 8B

IEM Master

BA Master

## Questions or remarks

Stress is also there to help you out when you have complaints or remarks about your programme. We are in close contact with the programme management, so if you have any input on something which needs changing or improving, let us know!

Give feedback!

## Teacher Education Awards

The Decentral Education Awards have taken place and we were able to congratulate some teachers in particular!

(I)BA Best teachers

- Ipek Seyran Topan
- Matthias de Visser
- Frederik Vos

IEM Best teachers

- Erwin Hans
- Martijn Mes
- Ipek Seyran Topan

(I)BA Most attentive teachers

- Ipek Seyran Topan
- Matthias de Visser
- Harry van der Kaap

IEM Most attentive teachers

- Erwin Hans
- ipek Seyran Topan
- Eduardo Lalla

The winners of the Decentral Education Awards are nominated for the UT-wide competition. Erwin and Ipek are nominated this year and they can win! This year the UTEA will take place the 9th of June from 14:00 till 17:30.

## Get help with studying

To help you with getting the best result possible on your exams Stress has a tutor platform. With this we try to match students who have already passed a certain subject with students who are currently struggling with the subject. If you are interested in getting tutoring before your exam, you can apply for a tutor! If you would like to help other students with their struggles for certain subjects you can sign up as a tutor. You will then be added to a WhatsApp group in which the tutor requests are shared with all tutors.

## Pick up your graduation gift!

As we are very grateful for members who are active within our association we give out graduation gifts to our active members. So if you are graduating or did graduate recently, don't forget to come by the room and pick up a gift!
